

# Church Security Consultation

1Eighty Consulting can work with you to put a trained, competent team of your own people in place quickly.

Below are details of my consulting package that will take you from start to finish.

## On-site Training:

### 1. Tactical Engagement

What to do and what to say when engaging potentially unacceptable behavior, How to ask for information in a non-threatening way, How to set context, give options and request compliance, How to apply the psychology of anger to de-escalating an angry person. Multi-page workbook.

2 to 3 hours

### 2. Security/Safety Assessment Workshop

Assessing spaces, processes and programs from the perspective of someone who would wish to cause harm, How to organize the assessment, a walk-through demonstration on conducting assessments. Comprehensive workbook with checklists.

1.5 to 2.5 hours

### 3. Behavioral Assessments and Predictive Profiling

Behaviors, situations, expressions, clothing and objects that professional security personnel treat with heightened scrutiny How to respond to them in a church setting. Workbook.

1 to 2 hours

{Workshops 1 and 3 can be delivered as part of the consultation process or individually.}

## Consultation:

I will work with your security leadership team to develop proprietary policies and protocols concerning:

- access control
- standard responses to common issues
- documentation
- team communication
- force levels
- hand signals
- code words
- team leadership and membership
- division of responsibility
- communication after an incident
- greeter and usher checklists and training
- much, much more

## Delivered to Your Church:

- **Handbook of Policies and Procedures**  
Specific to your congregation, arrived at collaboratively through the consulting relationship with me
- **Recommendations for action**
